## New Hospital Celebrates Its First Year's Operation

The first anniversary of the occupancy of the Everglades Memorial Hospital in its new, modern building at 200 S. Barfield Highway, Pahokee, was observed Tuesday, September 20, with the serving of homemade cake and punch by the Pink Ladies of the Woman's Auxiliary of the EMH to visiting personnel and all persons visiting patients at the hospital both during the afternoon and evening visiting hours.

The refreshments table, laid with a white cloth, had at one end a lovely permanent arrangement of yellow and orange flowers in keeping with the autumn season. Small flowers gave a touch of yellow to the greenery surrounding the punch bowl, and the dominant yellow color motif was also carried out in the punch and napkins. The sheet cake at the center of the table, decorated in green and yellow roses, was inscribed "Happy Birthday, Everglades Memorial Hospital."

Serving at the refreshments table were Mrs. Jack Herick, Mrs. Paul Rardin, Mrs. Wiley Tillis, Mrs. Charles Story, Mrs. Frank Rosenberg, Mrs. J. L. Reever, Mrs. Lester Hand, Mrs. Eugene Laks, Mrs. Ray Ursey and Miss Faith Sasser. As a remembrance of the anniversary, packets each containing EMH stationery and a Reddy pencil, were distributed to patients by Mrs. James Weeks and Mrs. Ray Ursey, with the compliments of the Lake Shore Press, Inc., and the Florida Power & Light Co.

Mrs. George Ramey, general chairman in charge of arrangements, wishes to thank Mrs. Lloyd Hundley for the beautiful table decorations, Mrs. Horace Unwin for making the delicious punch, Mrs. Grady Chancellor for baking the tasty homemade pound cakes, the ladies who served at the table, and all others who participated in any way in the celebration of the new hospital building's first anniversary.

At the end of the first year in the new building, it is of public interest to visit the various departments and see how Everglades Memorial is operating with its new modern plant facilities:

### Business Office Fred Nalle, Manager

The hospital's business office is the center of many and various functions. The staff of seven full-time employees, and one part-time, keep the office open from 7:30 a.m. to 10:00 p.m., seven days a week.

One of the primary functions of the office is in the area of patient accounting. All charges sent from the various hospital departments are priced and posted to the individual patient's account. As the majority of patients have some form of hospital insurance, a second important area of office work is in the filing of insurance claims for patients. With the advent of Medicare, the duties in this area have significantly increased.

Aside from the many transactions involving patients directly, there are a great number of other

transactions necessary to properly staff and supply the hospital. Payroll checks are issued twice monthly, and accounts payable checks, to approximately 100 vendors and other accounts each month. Proper records are made of all transactions and a financial statement is issued monthly to the administrator and hospital board.

### Nursing Department Mrs. Hilda Jensen, Director

Mrs. Jensen reports during the first year in the new building there were approximately 2,200 admissions of patients, 350 births and 300 surgical cases, which kept the nursing department busy 24 hours a day. This department now has approximately 50 employees, 10 of whom are registered nurses.

Mrs. Jensen says, "We have many things still to be completed, but changes and new improved trends are taking place daily. We have had a successful year, and I believe that our patients care can be compared to the best of any available in this area."

I would like to thank everyone for their cooperation and hard work on this our first anniversary in the new building. We thank the patients who were so understanding during the period of transition, and this seems the opportune time to say "Thank You" to the Pink Ladies without whose help it would have been difficult to operate."

### Laboratory and X-Ray Departments

The new and enlarged laboratory and X-ray departments were opened September 22, 1965, increasing laboratory procedures from a normal 650 to 700 to approximately 1,650 tests per month. New equipment anticipated to be added during the coming year will increase this number.

The X-ray department, directed by Dr. Joseph Ackerman, radiologist, has increased from 250 to 300 examinations to approximately 600 per month.

Employed in these combined departments are George Dickson, chief technician; Tom Carboneille and Ron Crosby, fulltime employees, and Mrs. Sheila Ames, who is presently serving as part-time X-ray technician.

### Housekeeping Department Mrs. Noble Wynn, Manager

This department, which includes complete laundry facilities for the hospital, presently employs nine maids and three janitors. The maids take care of all cleaning in the hospital and render such services as placing bedside kits and packages in patient's rooms each afternoon. The janitors take care of the cleaning of outside windows, cleaning and waxing of floors, and the like.

Mrs. Wynn would like to publicly thank the Woman's Auxiliary of EMH for its help in the mending sewing needs in her department. She says there is a constant need for vol-

## Miss DuVall Weds Ronald H. Kautz

Miss Mary Ann DuVall of Austell, Georgia, and Ronald H. Kautz of Pahokee, Florida, were united in marriage on Saturday, August 20, in an impressive double ring candlelight ceremony at Davis Chapel Baptist Church in Austell with Rev. Talmadge Chandler officiating.

Altar decorations featured three white lattice screens flanked by greenery and highlighted with tapers. At each end of the screens was a sunburst of gladioli and mimus.

The bride is the daughter of Mr. and Mrs. George Awtrey of Austell, Georgia, and the groom is the son of Mr. and Mrs. Herman Kautz of Pahokee.

Robby Awtrey, the bride's brother, sang "Eternal Life" to begin the ceremony and as the wedding party reached the alter "Ave Maria" was sung in German.

Mrs. Thomas Durden of Hampton, Georgia, was the matron of honor. Her gown was an A-line gown of pale pink satin with scoop neckline and an empire bodice. The bodice and bell sleeves were covered with pink lace. Her corsage was a cascade of a darker shade of pink roses and her headress was of satin roses and illusion veil.

Bridesmaids were Dr. Joyce Ann Gann of Atlanta, Georgia, Miss Cindy Kautz of Melbourne and Miss Kathy Kautz of Pahokee. They all wore dressed headresses and flowers identical to that of the matron of honor.

Escorted to the altar and given in marriage by her father, the bride wore a gown of white satin covered with lace and seed pearls. The sheath skirt gave way to a full chapel train. Her mantilla was bordered with lace and covered with seed pearls at the end. The bride's bouquet was placed on a small white Bible and consisted of two cymbidium orchids with white feather carnations surrounding them and making a cascade arrangement with love knot streamers.

Robert Boe of Pahokee was Mr. Kautz' best man. Ushers were James Clark of St. Petersburg and Charles and Michael Awtrey, brothers of the bride.

For her daughter's wedding Mrs. Awtrey wore a dark olive green lace dress with matching accessories. Mrs. Kautz chose a dress of pink lace with matching accessories. Both mothers wore lavender orchid corsages.

The reception was held in the social hall of the church following the wedding. In the receiving line were the bride's parents, Mr. and Mrs. George Awtrey, the groom's parents, Mr. and Mrs. Herman Kautz, the bridal attendants and the bridal couple.

The serving table was centered with an arrangement of white gladioli and mums. The four-tier cake was decorated with pale pink roses and was displayed between two silver candelabras at one end of the table with the punch bowl at the other.

Miss Brenda Sue Kelley of South Bay, Miss Mercola Dell of Jacksonville, Miss Fay Carter of Austell, Georgia, Miss Rachael Muddox and Mrs. Helen Westbrook helped serve at the reception. Mrs. Jacqueline Franklin kept the bride's book.

The couple are at their home at 1415 Custer Avenue Apt. G-4 in Atlanta, Georgia, following a honeymoon trip to Jamaica.

## Mock Says Banks Major Credit Source

Florida banks remain a major source of credit and other financial services to the farmers in our state according to Rupert Mock, President of the Bank of Pahokee, who represents the Florida Bankers Association as County Advisory Banker.

Based on the 25th annual farm lending summary of the Agricultural Committee of the American Bankers Association, Mr. Mock reported that at the beginning of 1960, Florida banks were helping farmers with \$132 million in loans, 8 per cent more than a year previous. This total included \$71 million in production loans and \$61 million in farm mortgages. At the same time, \$168 million in farm loans was held by life insurance companies; \$63 million by the Federal Land Banks; \$103 million by Production Credit Associations; and \$7 million in nonreal estate loans, plus \$11 million in real estate loans by the Farmers Home Administration. About 39 per cent of the production credit extended by lending institutions to Florida farmers came from banks.

Mr. Mock said that bankers in Florida are conscious of the large capital investments required in agriculture today and are making a concerted effort through improved lending programs to meet these changing credit demands of the state's farmers."

The increased use of credit by farmers, according to Mr. Mock, has been accompanied by a substantial gain in the total assets of farm families. Therefore, in the aggregate, the equity position of farmers, contrary to public opinion, is being maintained at a satisfactory level. Nationally, farm families have \$212 billion of their own funds invested in agriculture. This represents 84 per cent of the total capital requirements of farmers.

Mr. Mock stressed the importance of farmers and bankers working closely together to improve farm financial arrangements.

# Now— U. S. Savings Bonds Pay More Interest

**4.15% when held to maturity**

*Higher interest on the  
Bonds you already own, too!*

**U.S. Savings Bonds are a better way to save than ever**

Because now all Series E and Series H Bonds bought after December 1, 1965, will earn the new, higher interest rate of 4.15% when held to maturity. That's only 7 years for Series E—9 months quicker than before. All H Bond interest checks will be larger beginning in June 1966.

And your outstanding Bonds will earn more, too, from now on. So, ask about buying Bonds where you don't have to cash in your present Bonds to get the attractive new rate.

Ask about buying Bonds where you work or bank. For America's future. And yours.

"Today, none of us can remain aloof on the sidelines."

"Today, above all, is a time for all Americans to rededicate themselves to the spirit that animated the Minutemen of Concord—who serve as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front lines of a distant land, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. Our sure way is open to all Americans through the Savings Bond program."

## How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with
